

# Connecting leaders – accelerating actions – gateway to solutions since 1990

Healthy, happy, inclusive communities

Low-carbon cities

Sustainable local economy and procurement

Sustainable city/region cooperation

Resilient cities

Ecomobile City, Sustainable Urban Transport

Resource-efficient cities

Sustainable cities

Biodiverse cities

Smart infrastructure

## Why sustainable procurement for local governments?

- Social, environmental, economic impacts
- Align with broader goals
- Lifecycle considerations...beyond first cost
- Lead by example

## First Ten Years

- 1996: survey practices of European local authorities
- 1998: First EcoProcura – sustainable procurement Conference
- 2001 – 2003: “Environmental relief through green public procurement in Europe” (RELIEF) quantified potential environmental benefits of green public procurement in Europe
- 2006: Founding member of the Marrakesh Taskforce on SPP

## Second Ten Years

- 2009: Developed the first Green Public Procurement (GPP) criteria for the European Commission
- 2013: Brazilian GPP for the Innovation and Green Growth Programme
- 2013: Became 10YPF Programme on SPP co-lead with UNEP
- 2014: First EcoProcura China Symposium
- 2015: Launched Global Lead Cities Network
- 2016: Building Efficiency Accelerator advisor
