# BEA Technical Working Groups & Progress

## Webinars:

- Tracking Progress
- Engaging Private Sector
- Finance
- Retrofits

## In-person training:

- Building Energy Codes – Manila, Philippines

## Resource:

- Guidebook on developing investable projects (in progress)
- Tracking Progress and Project/Program Finance data collection sheets

## Key 2017 BEA Priorities for global-local support

- Action implementation – *local work plans*
- Progress tracking and impact estimates – *making the case*
- Designing investable projects and policies – *obtaining investment in implementation*
- Fundraising to scale-up the impact of the BEA locally, nationally and globally – *doing more, faster*
