

Government Actions to Foster the Development of ESCO Markets

Dilip Limaye, President, SRC Global Inc.
&
Jas Singh, Lead Energy Specialist, World Bank

Global ESCO Network

Søren Lütken
Chairman

UNEP CCC

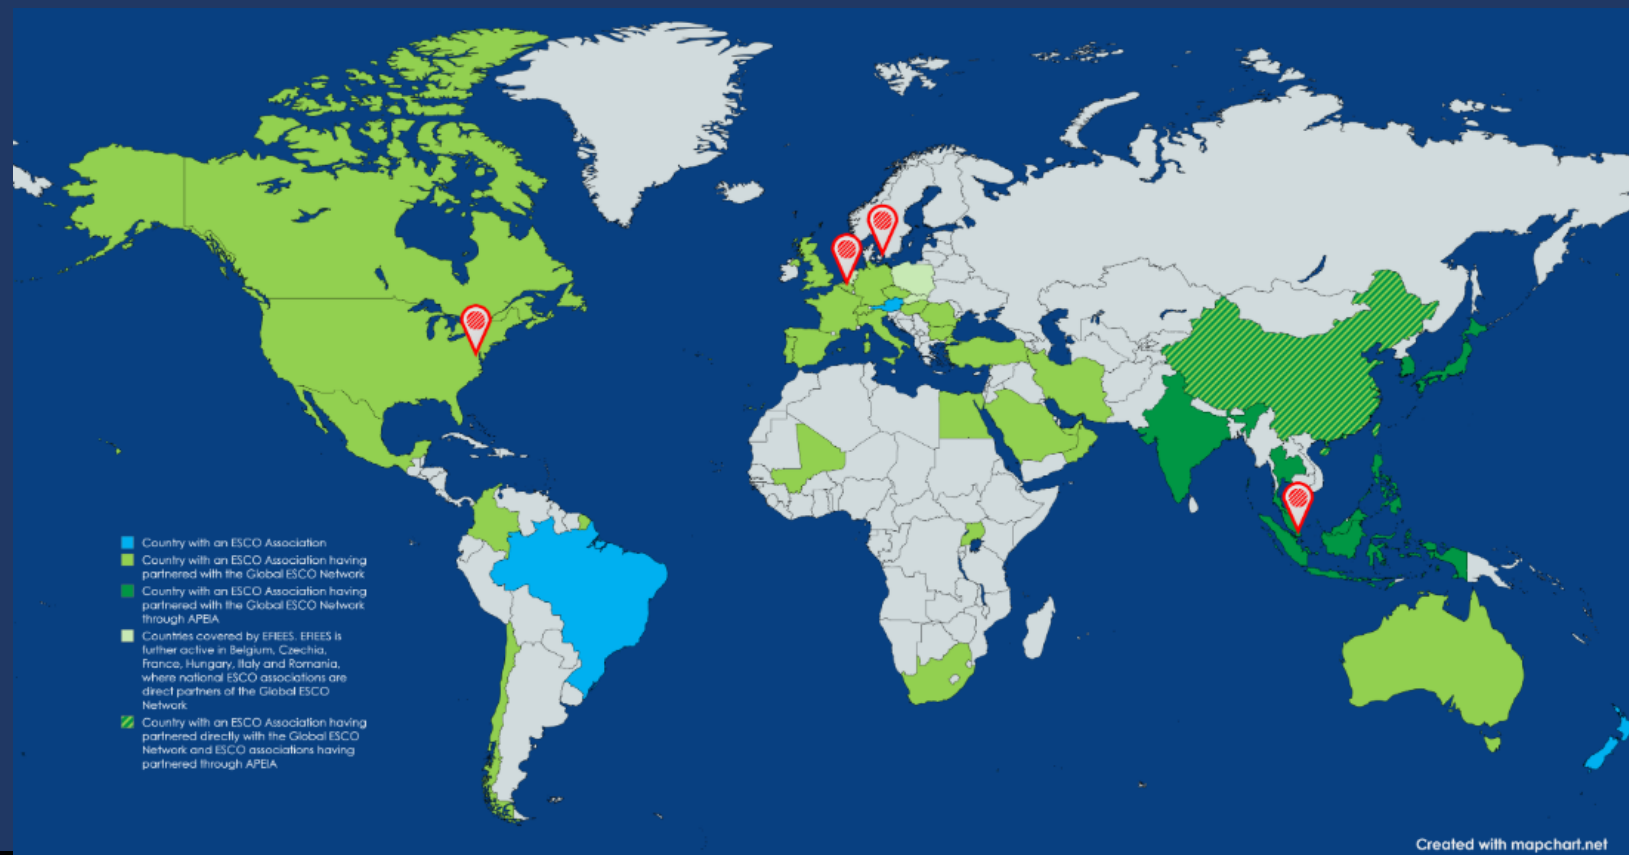

The Global ESCO Network works for the integrated use of the ESCO industry as implementation partner for energy efficiency – motivated by climate change

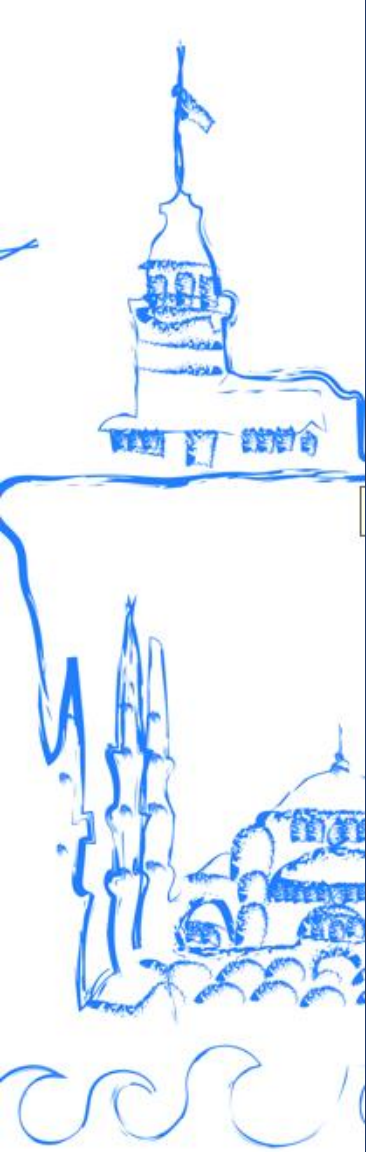

It is the Mission of the Global ESCO Network to add to and reinforce existing efforts of National and Regional ESCO Associations to promote increased activities by the ESCO industry at a global scale

It is also our mission to promote the development of policy and regulatory conditions for ESCOs to thrive – because not unlike other parts of the energy market, it needs government attention – and a helping hand now and then.

- 35 Partners
- 90% coverage
- Guided by an Advisory Board of seven
